

dx^wlilap dx^wləšucidəladx^w 2025
Tulalip Lushootseed Year 2025

A calendar had no place in traditional life long ago.

For the people of the Puget Sound, the world itself was the calendar.

An awareness of seasons and the passage of time came in response to what was happening in the world. The calendar, for lack of a better term, was in response to an interactive relationship of the plants and animals around us, as well as the tides and stars.

Each year was unique and would have been described in its own terms, not in standard units of time measurement. For each season, or period of time, descriptions of what was happening in the world, referenced what plants were flowering, bearing fruit or resting. References were also made to the tides of fall and winter, what type of Salmon were running to the spawning grounds, distinctive weather events, and what was happening with the animals around us. Because of unique characteristics from one year to the next, some months may have more than one name.

The Lushootseed Calendar is closely related to the Lunar calendar, meaning there are 12 or 13 months in a year, and several time periods cover more than one Gregorian calendar month.

In 2025, we will have 12 full moons. Next year, 2026 there will be 13 full moons.

The seasons, which the months are roughly based on are:

Fall - pədʔuladx̣, Silver Salmon return.

Winter - pədʔəs, cold weather.

Spring - ʔuhiʔhədəb, getting a little warmer.

Summer - pədhədəb, hot season.

ᖃiáſ - January is known as a period in the winter when your stomach sticks to your backbone.

səxʷpupuhigʷəd - February is known as a windy time with many hard winds.

waqʷaʷus - March is known as the time when frogs sing.

slihibus - April is known as a time when you hear the voices of migrating cranes and swans.

pədčʰaʔəb - May is known as a time to dig roots.

pədstəgʷəd - June is known as salmonberry season (lasts from early May to late June).

pədgʷədbixʷ - July is known as the native blackberry season (part of July).

pədʰaʷaʔ - August is known as the salalberry season.

pədkʷəxʷic - September is known as the time the Silver Salmon returns (is the run, not the 30 days).

pədxʷitʰxʷitʰil - October is known as the time that many leaves fall.

pədʰxʷayʔ - November is known as the time when the Chum Salmon return (around Thanksgiving).

səxʷšicəlwaʔs - December is known as the time to sheath the paddles.

The days of the week, really came about after the introduction of Christianity.

The days of the week are based and related to Sunday.

šaʔšaʔəʔdat (sacred day) is Sunday.

pəʔqʷabac (the one after) is Monday.

scəbdatil (two days after) is Tuesday.

sʰixʷəʔdatil (the third day) is Wednesday.

sbusəʔdatil (the fourth day) is Thursday.

scəlacəʔdatil (the fifth day) is Friday.

čitabac (right next to) is Saturday.
